

June 15, 2010

Words will never do any justice for all the help and support you've given me since the day I first met you. I just can't tell you how fantastic you are as a human being, as a doctor, and as a confidant.

I want you to know that I pray for you, your practice and your amazing staff. Again, I will never be able to thank you enough for all your amazingly generous support and excellent care! May God continue to bless you!
